<u>Three Year Term:</u>	<u>Vote</u>	<u>Nominee/Name</u>
	<input type="checkbox"/>	Cam Corteggiano (1st term)

Born and raised in Traverse City and have lived on Long Lake my entire life. After attending college, I returned home to assist my grandparents with our family business. I have a deep passion for boating and spend most of my free time on the lake. Whether it was enjoying recreational activities or running a marina on West Bay, the water is a huge part of my life. Long Lake holds a very special place for myself and my family. I currently work at Hagerty as Senior Event Coordinator.

Len Klein (3rd term)

Len and his wife Connie, a Traverse City native, have been seasonal lake residents since 1979 and full-time since 2005 on Mickey Lake where they both enjoy all aspects of lake living. A recently retired science and math educator, Len has taught at both the high school and college level. He has volunteered with Inland Seas Education Association since 2005 as a lead limnology instructor and crew member. Len coordinates the LLA summer intern program. Len believes that we must preserve the quality of the Long Lake Watershed for our use and the use of future generations. We can do this by understanding the lake's ecosystem and through the use of responsible lake management techniques.

Adam Adamczak (2nd term)

I live on the south-east end of Long Lake with wife Nikki and daughter Brooke. My family and I enjoy spending time on the lake all year, taking advantage of what it has to offer. I have worked as a park maintenance worker for the City of Traverse City since 2008 performing all aspects of maintenance of city owned properties. While I am not enjoying the lake with friends and family, I can usually be found hunting, fishing and enjoying the great outdoors.
